

NP DIAMANT

ITALIAN DIAMOND TOOLS PRODUCERS

WHO WE ARE

From 1980 we produce diamond tools for processing marbles, limestones granites, quartz and other natural stones.

In NP Diamant, you can find all you need for processing stones.

OUR STORY

Born in Versilia, world's heart of marble, immediately drawn by the magnificence of this Earth's gift. Passion soon became our profession. From over 40 years we follow the processing of natural stones, offering to companies and professionals diamond tools that perfectly match with them.

We believe in collaboration and are open to new partnering opportunities. We are attentive to innovations, because our history is a journey full of changes and progress. We love marble because it is past, present and future.
